- Creative Designing Internship

CERTIFICATES

MERN Stack Training
Broadway Infosys Pvt. Ltd.
December 2024 - Februrary 2025

Python & Django
Broadway Infosys Pvt. Ltd.
July 2021 - October 2021

Graphic Designing
Broadway Infosys Pvt. Ltd.
January 2021 - February 2021

C Programming
Broadway Infosys Pvt. Ltd.
August 2020 - October 2020

SKILLS

- **Web Development:** React.js, Node.js, Express.js, MongoDB, Django, HTML, CSS, JavaScript, Python, Django
- **Design:** Adobe Illustrator, Photoshop, Premiere Pro, After Effects, Canva
- **UI/UX:** Figma, Adobe XD, Wireframing, Prototyping, Responsive Design
- **Tools & Platforms:** Git, GitHub, WordPress, VS Code, Excel, Wix
- **Soft Skills:** Leadership, Public Speaking, Cross-functional Collaboration, PR Strategy, Creativity

PROJECTS

Sponsor Analyzer
Techstacks used: React, MongoDB, Express, Node JS, Python, OpenCV, Yolo, Clip, Redis, MinIO, Nginx, Docker

Measuring the return on investment (ROI) of event sponsorships has traditionally been a manual and time-intensive process. Sponsor Analyzer addresses this challenge by leveraging computer vision to automate analysis and provide data-driven insights into brand visibility.
https://github.com/ParikshitMERN/sponsor-analyzer

AI Powered E-Book Creator
Techstacks used: React, Mongo DB, Express, Node JS, Google Gemini API

A web application that leverages AI to help users generate, structure, and create complete e-books. Users can input topics, outlines, or prompts, and the AI assists in generating content, chapters, and formatting for seamless e-book production..
https://github.com/ParikshitMERN/Ebook

AI Powered Image Generation
Techstacks used: React, Mongo DB, Express, Node JS, Stability AI API

A web application that enables users to generate custom images from text prompts using AI. Users can describe their desired visuals, adjust parameters, and create unique AI-generated artwork for personal or commercial use.
https://github.com/ParikshitMERN/Chitra

Tuition Management System

Techstacks used: React, Mongo DB, Express, Node JS, JWT Authentication, REST API

A comprehensive web application for managing tuition centers and coaching institutes. Features include student enrollment, fee tracking, attendance management, class scheduling, billing, and performance reporting—all in one centralized platform.
